

Prepare for the Weather and Beat the Heat

The seasons are changing and the temperatures are going up. It's that time of year to once again start considering the affects of warmer temperatures and take appropriate precautions to protect your health and safety.

Cooling Center Information

Need a place to find refuge from the heat? Many cities designate specific locations as "cooling centers" for the public to access when the temperatures rise. Contact your [local Office of Emergency Services](#) for information on cooling centers nearest to you, or [click here for a list of county websites where cooling center information can be found](#).
